**Subject:** Thank you for your team's support of Cisco's Internal Audit Program

Dear Cathy,

On behalf of the Corporate Quality team, I would like to thank Przemek Gardias for volunteering as an internal auditor, helping Cisco maintain ISO 9001 Global Certification.

The Corporate Quality team appreciates Przemek's efforts and recognizes that we could not maintain our certification without the contributions of volunteer auditors. Cisco's internal audit model depends on a balance of Corporate Quality auditors and dedicated volunteer internal auditors like Przemek. This model also reinforces the belief that organizations that support the internal auditing program also have a return benefit such as having their volunteers bring back best practices, potential problem solutions, and share challenges they observe in other organizations.

Przemek has done a fantastic job as a volunteer auditor this past audit cycle having completed 2 audits for us this past year. This level of contribution and teamwork was invaluable to Cisco's success. Please share our appreciation with Przemek for the outstanding work done as a volunteer internal auditor. We look forward to another successful year with Przemek's contributions and your continued support of the program.

Sincerely,

Vinny Arrigali
