

December 20, 2007

Dear Przemek,

In business it is important to recognize dedication and excellence. I know that the work you and your team members have done on Project Atlas exemplifies both qualities. I want to personally thank each one of you for your contributions to the project over the past several months.

This project is important because it will allow Scientific Atlanta to better meet the requirements of our international customers and address the growing global marketplace. At the same time, Project Atlas enhances our operational efficiency.

As a result of the efforts of you and your team members, we have been able to meet the most significant milestones of Project Atlas on time. I know that the requirements of Atlas, the challenges, and the extremely tight time frame have been challenging. The results to date have been recognized company wide as exceptional.

My sincere appreciation for your hard work and dedication to Project Atlas and congratulations on a job well done.

With best regards,

James F. McDonald  
Chief Executive Officer  
Scientific Atlanta, a Cisco company
